

APRIL 13, 2009

*Much like Christmas, the Passion Week Experience doesn't have to end for believers... we live each day with anticipation of His return! If there are friends you know who are without Christ, you have a mission field before you. So, as Christ said... "go, make disciples." One day that "last day" will come in a moment, in the twinkling of an eye. And some say it is a day that will come "without any warning." We would be kidding our selves if we believed that... Scripture is waving the big red warning flags even as you read this. And the Lord has enlisted YOU AND I to be the voice they hear too. Let's speak up this week... there are a lot of people's eternity depending on it.*

## THANK YOU

Okay, we all know that you don't have to have a "pat on the back" every time you utilize a spiritual gift... especially when you've already mentioned that you enjoy being involved; and you tell us to call on you first. And we know that you know being involved in ministry is what Christians do; Christians are personally involved in what God is doing in His church. So, with that in mind, knowing that you're not asking for such praise... we'll try to mention it in a nice quiet way as not to draw attention to your being faithful in using your spiritual gifts... but you know... the Word also says to build one another up and encourage one another... so, with that too in mind: *Thank You so much to those who helped so much with the food and decorations for Easter and the Passion Week Experience! It takes time to get everything in the right place and prepare for events... and your church family appreciates the time and efforts you take to make sure there is a welcoming atmosphere and the sets and church are pleasing to the eye.*

*Thank you also to the musicians, choir and tech crew in the presentation Sunday night. As Bro Alan mentioned after the service, heaven was smiling.*

# STUDENT MINISTRY

**April 17-18 Demolishing Strongholds** – This is a great opportunity for students to spend an intensive time of study in developing a better understanding of how to participate intelligently in the evolution debate. Find out some of the latest information as well as a biblical understanding of what really happened and why we are all here in the universe.

This is a Friday/Saturday event... beginning at 6:30 Friday night and concluding Saturday morning around 11:00 am.

If you have any questions give Jeff a call at the church or pay attention to information at the Lighthouse Wednesday night.

## New Mexico Mission Trip July 31-August 8/9

Information/Planning meeting after the worship service THIS Sunday night. We'll meet in the Fellowship Hall. If you're interested in going or providing support we'll have a few more answers for you this week. This is a mission ministry to the Navajo people: home/roof repairs, other general home repair, men's/women's conferences, children's activities, and perhaps even more as we work with a small church and local pastor.
